AZALEA & CAMELLIA ADVANCE PRICE LIST

1950-1951

Catalog will follow

Lining Out Stock

CAMELLIA LINERS

Camellia liners should be planted in a well prepared bed or field with a Ph of 4.5 to 6.0. It is very important that they have good drainage and that they not be planted too deep. Under our lath houses we plant them approximately 14" apart for a 2-year setting. Also, we plant out in the field in 42" rows about 22" apart and cultivate with a tractor. The above is only mentioned as a suggestion as different conditions will take different planting.

Outstanding Camellia Liners

Variety	6-8"	8-12"	12-18"
Admiral Nimitz	\$.75	\$.90	\$1.00
Anne Lindberg	.75	.90	1.00
